📍 Mysuru, Karnataka

SUMMARY

Aspiring to join an organization that offers a challenging career, where I can explore my abilities and contribute meaningfully. I aim to constantly upgrade my knowledge and skills, making a difference in every project. An enthusiastic and detail-oriented web developer with 4 years of experience in creating and implementing innovative web designs and user experiences. Skilled at translating client requirements into well-designed, responsive websites. Proficient in HTML, CSS, JavaScript, Bootstrap, Ajax, PHP, WordPress, React Js, and React Native.

EXPERIENCE

Web Developer

Central Institute of Indian Languages

📅 01/2023 - Present 📍 Mysuru, Karnataka

The organization focuses on language and communication development.

- **Cross-Platform App Development:** Creating apps that work seamlessly on both iOS and Android using React Native.
- **Custom Backend Solutions:** Building robust backend systems with CodeIgniter to manage app data and functionalities.
- **API Development and Integration:** Developing and integrating RESTful APIs to connect your app with other services and databases.
- **User Authentication:** Implementing secure user authentication and authorization systems.
- **Real-time Features:** Adding real-time functionalities like chat, notifications, and live updates.
- **Performance Optimization:** Ensuring your apps are fast, responsive, and efficient.
- **UI/UX Design:** Crafting visually appealing and intuitive user interfaces.
- **Testing and Debugging:** Conducting thorough testing and debugging to ensure high-quality, bug-free applications.
- **App Store Deployment:** Managing the process of submitting and updating apps on the Apple App Store.

Web/Software Tester

Arctwist Technology Solutions

📅 09/2022 - 12/2022 📍 Kolkata, West Bengal

A technology solutions provider specializing in web development.

- **Test Planning:** Creating detailed test plans and test cases based on project requirements and specifications.
- Gained experience in evaluating the user interface effectiveness.
- **Manual Testing:** Performing thorough manual testing to identify and report bugs, usability issues, and performance bottlenecks.
- **Automated Testing:** Developing and executing automated test scripts to ensure consistent and efficient testing processes.
- **Regression Testing:** Running regression tests to verify that recent code changes haven't introduced new issues.
- **Load and Performance Testing:** Conducting load and performance tests to ensure that applications can handle expected user traffic and data volume.

EDUCATION

Higher Secondary

Vidyasagar University

📅 01/2018 - 12/2018 📍 West Bengal

Bachelor of Computer Applications (BCA)

Vidyasagar University

📅 01/2021 - 12/2021 📍 West Bengal

Master of Computer Application (MCA)

Maulana Abul Kalam Azad University of Technology

📅 01/2023 - 06/2023 📍 West Bengal

COURSES

I have successfully completed a 12-week course titled "Introduction to Machine Learning" from SWAYAM, earning a certification in the process. This comprehensive course provided a solid foundation in machine learning principles and techniques, including supervised and unsupervised learning, model evaluation, and real-world applications of machine learning.

KEY ACHIEVEMENTS

- **Web Development Projects**
Successfully led multiple web development projects leveraging various technologies including PHP, WordPress, and React Native.
- **iOS Application**
Successfully led multiple application using React Native.

PROJECTS

Web Development Projects

📅 01/2023 - Present 📍 Mysuru, Karnataka

A series of web and application development projects focused on language tools.

1. **Translation Kit: CodeIgniter4 and MySQL**
(go.trankit.com)
2. **Digitization Kit: CodeIgniter4 and MySQL**
(crwork.ciil.org)
3. **HindiBhashi Blog: WordPress**
(hindibhashi.com)
4. **Surbharat: Core PHP and MySQL**
(surbharat.hindibhashi.com)
5. **Shabdkothi: CodeIgniter4 and MySQL**
(surbharat.hindibhashi.com)
6. **Speech Data Collection Portal: CodeIgniter4 and MySQL**
(surbharat.hindibhashi.com)

Mobile Application Development

📅 01/2023 - Present 📍 Mysuru, Karnataka

Mobile application development projects aimed at enhancing language learning.

- **Bharatavani (iOS):** React Native, CodeIgniter4 API, MySQL
- **Speech Data Collection (Android):** React Native, Flutter, CodeIgniter4 API, MySQL.
